

HS HG-90 High Gloss 90 grs

High Speed

Description

HS HG-90 is a premium inkjet high gloss paper with a revolutionary coating technology that offers a superior color matching and do not require pre or post coating. With a lower ink consumption it has the look and feel of a top quality offset paper

Print

- Compatible with most dye and pigmented inks.
- Unmatched print performance
- Maximum production speed
- Unprecedented Dry Time

Applications

Designed for high speed production environments as:

- Publishing
- Direct Mail
- Commercial print

The best printing results are obtained in a standard climate of 23°C and 50% relative humidity. To avoid problems during operation, always store the product in its original packaging and protect it from direct sunlight and moisture. Before using our media, please verify its suitability on your printer and for your planned application. We can not assume any liability resulting from technical changes in printers and/or inks. Changes in the product design due to technical further developments will not be announced in advance
